Module 400: *Students 2015*
Charter Board Policy for
University of Texas-University Charter School

INTRODUCTION

The Model Board Policies for Charter Schools is a series of publications by the Texas Charter Schools Association (TCSA). These publications are an educational tool for charter school leaders to aid in the operation and management of open-enrollment charter schools in Texas.

Overall Policy Framework

Each module in the Board Policy Series provides a summary of federal and state statutes, regulations, and related materials applicable to open-enrollment charter schools. Citations to these materials are provided throughout the module and many contain a hyperlink so the actual statutory or regulatory provision can be accessed on the Internet. The summary is designated by the LEGAL AUTHORITY tab on the right edge of each page.

After the LEGAL AUTHORITY portion of the module are suggested model policies designed to comply with current statutory and regulatory requirements described in the summaries. These policies are designated by the red CHARTER BOARD POLICY tab on the right edge of each page.

These are suggested policies to address the requirements set forth in this Module. Prior to adoption of the model policies by the Board of a charter school, each policy should be customized by including the school's name and by tailoring the language, if appropriate, to fit the specific needs, culture and requirements of the school. TCSA recommends that the Board of a charter school consult with and obtain the advice of the school's legal counsel in connection with adopting policies to comply with laws governing charter schools.

TCSA plans to update the Model Board Policies for Charter Schools after each Texas Legislative Session to reflect changes in applicable laws and regulations. We encourage you to renew your subscription to the policy series after each update to ensure that your school has the most recent laws and regulations.

400.020. ADMISSIONS & ENROLLMENT

Pursuant to a delegation amendment to the UT-UCS charter approved by the commissioner of education, the Advisory Board (“Board”) of UT-UCS recommends the following policy, which shall be effective on the date that the policy is approved by the Vice President (“VP”) of the Division of Diversity and Community Engagement, hereinafter referred to as the VP of UT-UCS.

SECTION 1. Admissions

Section 1.1. Non-Discrimination Policy. UT-UCS’s admissions and enrollment shall be free from discrimination based on race, color, or national origin; sex, gender, or gender identity; disability, or relationship or association with an individual with a disability; religion; academic, artistic, or athletic ability; or the district the child would otherwise attend under state law.

Section 1.2. Admission Application Deadline. UT-UCS’s admission application period is from May 1st through June 1st.

Section 1.3. Exclusion from Admission. In accordance with a charter amendment approved by the commissioner of education, UT-UCS reserves the right to exclude from admission a student who is not in treatment with a facility and who has a documented history of a criminal offense, a juvenile court adjudication, or discipline problems under the Education Code, Chapter 37, Subchapter A.

Section 1.4. Acceptance Procedure. The application period for student enrollment will be from May 1st to June 1st of each school year. As part of its admissions policy UT-UCS will conduct a lottery process. If there are more applications for admission than available positions in the school, names will be randomly selected using a lottery system. Student names that were not drawn will be placed in a “waiting pool”.

If a vacancy arises, a name will be randomly selected from this pool and that student will be offered the vacant position. This process will continue until a student accepts the slot. If no one accepts the vacant slot, then enrollments will be accepted on a first-come, first-served basis.

If the application deadline has passed, applications are accepted on a first-come, first-served basis if there is not a “waiting pool” and there is not a vacant slot in the appropriate grade level. If there is a vacancy in the appropriate grade level, the student may enroll.

A notice of the application deadline will be placed in a newspaper of general circulation in the community in which the school is located. The notice must be published no later than seven calendar days before the application deadline and must include the date of the application deadline.

Students admitted to or attending and siblings of those students are exempted from the lottery.

Section 1.5 Pre-Kindergarten. To be eligible for enrollment in the state-mandated pre-kindergarten program, a child must be four years of age on or before September 1st of the current school year, live in the approved geographic boundaries of UT-UCS, and MUST:

- Be unable to speak and/or comprehend the English language; or
- Be educationally disadvantaged (qualify for free/reduced lunch); or
- Be homeless, as defined by 42 U.S.C. Section 11302; or
- Be the child of an active duty member of the armed forces of the United States; or
- Be the child of a member of the armed forces of the United States who was injured or killed while serving on active duty; or
- Currently or ever have been in the conservatorship of the Department of Family and Protective Services following an adversary hearing under Family Code 262.201.

SECTION 2. Enrollment

Section 2.1. Eligibility. Areas to be verified include, but are not limited to, a student's grade level and treatment status at a facility or residency.

Section 2.2. Enrollment Documentation. Upon a student's enrollment, the Superintendent or designee shall ensure that a bona fide effort is made to secure all records and required documentation pertaining to the student.

SAMPLE

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (“FERPA”) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the UT-UCS receives a request for access.

Parents or eligible students should submit to the Campus Clerk a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent, or eligible student, believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask UT-UCS to amend a record should write the school principal, clearly identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the UT-UCS Advisory Board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district or charter school in which a student seeks or intends to enroll,

or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by UT-UCS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

By law, "directory information" includes categories of information that are generally not considered harmful or an invasion of privacy if released. UT-UCS has designated the following as directory information: student's name, degrees, honors and awards received.

If you do not want UT-UCS to disclose directory information from your education records without your prior written consent, you must notify UT-UCS in writing by [insert date 10 school days after date of letter].

FERPA permits the disclosure of personally identifiable information (PII) from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student in the following circumstances:

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance

with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

400.070. GENERAL EDUCATION HOMEBOUND (GEH)

Pursuant to a delegation amendment to the UT-UCS charter approved by the commissioner of education, the Advisory Board (“Board”) of UT-UCS recommends the following policy, which shall be effective on the date that the policy is approved by the Vice President (“VP”) of the Division of Diversity and Community Engagement, hereinafter referred to as the VP of UT-UCS.

Section 1. General Education

Consistent with TEA’s Student Attendance Accounting Handbook (SAAH), a student to be confined for a minimum of four weeks (nonconsecutive) to a hospital or homebound for medical reasons specifically documented by a physician licensed to practice in the United States may be eligible for general education homebound services. The parent’s request for services shall be made through the principal in accordance with TEA’s SAAH and administrative procedures.

The principal or designee shall convene a placement committee composed of at least a campus administrator, a teacher of the student, and the parent or guardian of the student to consider the necessity of providing general education homebound instruction to the student. If the committee determines that such instruction is appropriate, the committee shall determine the type and amount of instruction to be provided and, when the student is able to return to the regular educational setting, the length of the transition period based on current medical information.

Section 2. Documentation of Services

The District shall maintain, in accordance with administrative procedures, full documentation about students receiving homebound services.

Section 2.1. Point of Contact. The school principal and the GEH committee coordinates activities through the district office.

Section 2.2. Attendance Office Responsibilities. The attendance office at the school must be kept informed by the GEH committee of the status of all students receiving homebound services. The student will remain actively enrolled and the class-room teacher will post the student absent throughout the home-bound placement period. The attendance specialist will post the homebound absence code to the attendance software to designate the homebound status of the student. Other absence reasons may be used if the homebound teacher informs the attendance specialist the student was not able to receive services for specific school days. The attendance must be updated on a daily basis to ensure compulsory attendance warning letters are not generated for home-bound students unnecessarily.

Section 2.3. File Retention. Documentation of GEH attendance must be retained for a period of five years for audit purposes.

Section 3. Procedures for Implementing GEH

A designated campus committee must make decisions regarding general education homebound (GEH) placement. Membership of the committee must include at least a campus administrator or designee, a teacher of the student, and a parent/guardian of the student.

Section 4. Student Eligibility

Any student served by the GEH program must meet the following three criteria:

1. The student is expected to be confined at home or hospital bedside for a minimum of four weeks (nonconsecutive);
2. Medical condition is documented by a physician licensed to practice in the United States; and
3. Student participation is for medical reasons only.

Note: For guidance in determining GEH instruction for pregnant students who are or are not receiving pregnancy services, please refer to Section IX of the TEA Student Attendance Accounting Handbook.

Section 5. Role of the GEH Committee

The role of the GEH committee is to review and consider the necessity of providing instruction to a general education student at home or hospital bedside. If instruction is provided at home or hospital bedside, the GEH committee will determine the type(s) and amount of instruction to be provided. The instructional services available include mathematics, science, ELA, social studies, and health. Instructional services for other courses are not available. In making these decisions, the GEH committee must consider the physician's information. However, the physician's note/information is not the sole determining factor in the committee's decision-making process.

Section 6. GEH Committee Responsibility

In qualifying a student for and serving a student through GEH services, the following requirements must be met and documented:

1. The GEH committee's decision regarding the type(s) and amount of instruction to be provided to the student, which must include the designated amount of time per week that instruction will be provided.
2. A note from the physician stating the student has a medical condition that requires the student to be confined at home or hospital bedside for a minimum of four weeks.
3. Documentation of the day(s) homebound instruction started and stopped.
4. Teacher's homebound instruction log.

Section 7. Required Instructor Certification

A certified general education teacher must serve students served through GEH at home or hospital bedside.

Section 8. GEH Funding Chart

In order for funding to be generated for GEH placement, services must be provided as follows:

<u>Amount of Time Served Per Week</u>	<u>Eligible Days Present Earned Per Week</u>
One hour	One day present
Two hours	Two days present
Three hours	Three days present
Four or more hours	Four days present (four-day week) Five days present (five-day week)

Section 9. Transitioning to GEH

Section 9.1. Procedures. The GEH committee must convene to review current student information, (including the physician's statement) to determine if a transition period is necessary and the date when homebound services are no longer appropriate. If the student requires a transition period up-on returning to the classroom, the GEH committee should document the following:

1. Length of time for the transition period;
2. The amount of time the student will be served in both settings (homebound and classroom) during the transition period; and
3. The effective date by when the student's return to the classroom full-time must be documented.

Section 9.2. Funding. Students transitioning back to a school-based setting may continue to generate funding based on the GEH funding chart during the transition period. On-campus classroom instruction during transition is not included in attendance accounting. The student must continue to receive the required homebound service hours per week to maintain eligibility.

Section 9.3. Documentation. The following documentation requirements must be met for students transitioning from GEH:

1. The District-developed form that documents GEH committee decisions regarding whether or not a student is to be served through GEH;
2. The GEH committee's documentation on the form of the committee's decision regarding the type(s) and amount of instruction to be provided to the student. This must include the designated amount of time per week that instruction will be provided.

4. **Appeal.** If a parent or guardian is dissatisfied with the outcome of the hearing and requests an appeal, the parent or guardian must specify the objections in writing and file them with the Superintendent and the opposing party within twenty (20) instructional days of the date the hearing officer's decision is received. The Superintendent shall appoint an independent appeals officer to conduct a review of the record as a whole. The officer may, at his/her election, conduct the review with or without oral argument. Such review shall be conducted within twenty (20) instructional days of the receipt of the petition to review, unless either party requests an extension of time.

Section 10.4. Complaint to Office of Civil Rights. Nothing in this policy shall be construed

to deny the right of a parent or guardian to file a formal complaint with the Office of Civil Rights at the U.S. Department of Education.

A school teacher does not have a right to know the HIV/AIDS status of a student and may not ask the HIV/AIDS status of a student. Administrators and nurses should help teachers to understand the district’s policy regarding students with HIV/AIDS.
- c. Reporting. The school superintendent or school’s designee shall determine if the school has an obligation to report a student’s HIV status. The school Superintendent or school’s designee must make a report to the Department of State Health Services or other local health authority if he or she determines that the school has an obligation to report a student’s HIV status.

The Superintendent or designee shall ensure that the parents and the student (when age appropriate) meet with the campus principal to review the FAAP/EAP. This meeting should occur prior to the child attending school, after returning to school after an absence related to the diagnosis, and anytime there are changes to the student's FAAP/EAP.
