A Student enrolling in the Alamo Academies must follow the prescribed courses as listed in the selected degree plan. The course hour limitations for all Dual Credit programs, including the Alamo Academies, is strictly limited to 42 hours. A Student considering enrollment in the Alamo Academies during the junior year should limit Dual Credit courses taken during their freshman and sophomore years to avoid accumulation of credit hours preventing eligibility to complete a full Alamo Academies degree plan. Similarly, Alamo

Academies Students should not enroll in other Dual Credit courses outside the selected Alamo Academies degree plan to avoid being barred from completion of the Alamo Academies degree plan by accumulating excessive total Dual Credit hours. The College will ensure that Students are not enrolled into Dual Credit courses outside those listed in the selected degree plan to avoid adverse consequences in the Student's subsequent educational pathway.

- n. The College is responsible for ensuring that course goals and standards are understood and that the same standards of expectation and assessment are applied where College courses are offered, to include departmental exams and student learning outcomes. Students will participate in college-level work and will be subject to material deemed college level. These educational resources are intended to support learning and meet the Student Learning Outcomes and comply with requirements from SACSCOC and state standards.
- p. The School will ensure that technology devices or resources are available to the Students so they may successfully access the required course content and educational resources. Internet accessibility, and the use of technical means to manage, restrict or prohibit the access of specific web sites, software, or other educational resources, should be enabled, vetted and coordinated by technical staff from both the School and College to ensure that the Students taking dual credit courses may have the same successful academic experience as those on the College facilities. In the event that the School is unable to provide technology devices or resources to meet the required technical requirements for the Dual Credit courses to be delivered through the School, School Principal or designee will coordinate with designees from the College to identify possible solutions.
- q. The School shall be responsible for ensuring that high school curriculum courses will meet the requirements of the Texas Essential Knowledge and Skills (TEKS) and all other law applicable to the School and that School students are able to meet all high school graduation requirements, including all End of Course examinations, while earning college credit.
- r. To enroll in any college-level course, Students must meet all of the College course prerequisites. The College and School will assess each student for overall readiness to engage in any college-level course, and any out-of-pocket costs of same shall be borne by the School. Based on such assessment, the College Coordinator of High School Programs and the School

- Principal or designee will determine the forms of assistance and remediation that may be needed by a student in order to meet enrollment requirements for any college-level course.
- s. The College maintains a defined process for Students to withdraw from Dual Credit courses. Approval by the College or faculty of record is required to process Student withdrawal requests following the census date for the respective part of term. Once processed, the withdrawal will appear on the Student's College transcript. Census rolls document the Students enrolled in all classes. Failure to list a Student on the census roll by the College's deadline will result in the Student's ineligibility to receive a grade in the respective course.
  - t. The College requires students to be officially enrolled by the part of term's census date, to meet the number of contact hours required for the respective course and to complete all required assignments to be eligible to receive credit in the form of a grade.
  - u. The College maintains deadlines for drop requests from all courses. Students enrolled in a course following the drop deadline will receive the grade earned on their transcript. The faculty or School Counselor should advise a Student performing poorly in any Dual Credit course of the value of dropping that course before its drop deadline to avoid recording a poor grade. The School Counselor will contact the College's Office of High School Programs to initiate a timely Student drop request should the Student agree to withdrawal. Withdrawal from the College course does not result in a withdrawal from the high school course.
  - v. Students will be subject to the same academic policies and procedures as students enrolled in the College. This includes, but is not limited to the Academic, Probationary, Dismissal, Withdrawal and Grievance policies and procedures of the Alamo Colleges District. Refer to the College's catalog under the Academic Standards section for specific information: <https://mynvccatalog.alamo.edu/content.php?catoid=173&navoid=10926>.

Transfer Advising Guides are intended for advising purposes only and not an exhaustive list to be applied to all academic transfer situations or all degree plans within the Universities in the Alamo Colleges District Transfer Compact. While the Alamo Colleges District maintains articulation agreements with universities in the Alamo Colleges District Transfer Compact, it is highly recommended that the College, School and Students communicate with the intended transfer institution to minimizing loss of applicable college course credits in the selected degree plan.

## **15. PROFESSIONAL DEVELOPMENT FOR NON-INSTRUCTIONAL HIGH SCHOOL STAFF**

The School will provide staff responsible for providing guidance to students on courses yielding dual credit, enrolling students into dual credit courses or any other facet of responsibility related to dual credit programming with release time to attend professional development sessions offered by the College. The College will confer with the School Administration to schedule the professional development sessions to the extent that session logistics allow. The professional development sessions will include topics on issues impacting students taking dual credit college level courses while in high school, such as selecting courses leading to the student’s goal, implications of taking

college courses, and transferability of courses to upper level institutions for specific academic programs and degree applicability. The workshop will include terminology, career guidance, and resources similar to that used by the College Advisors. The intent of the sessions is for the School staff to provide structured guidance to students and their parents regarding decisions students will make that impact their college experience and accumulation of semester hours. Sessions may be delivered in either face to face or online formats. Periodic update sessions may be required. Staff from the Colleges and the Alamo Colleges District will deliver the sessions and will work with the School to identify the times for the sessions.

#### **16. PROFESSIONAL DEVELOPMENT FOR ADJUNCT INSTRUCTORS FROM THE SCHOOL SITE**

The College and School will provide professional development opportunities to their respective faculty in accordance with their respective institutional policies. The College will provide professional development in critical thinking, leadership, student engagement, discipline-specific topics and other areas deemed necessary.

The School will provide its faculty hired as College Adjunct Instructors the necessary time to participate in professional development identified by the College. College Adjunct Instructors and Faculty teaching on the College site shall engage in equivalent professional development. In instances where Adjunct Instructors are contracted outside the hiring deadlines, the department Chair will assign a College Faculty in the respective discipline to assist during the first college semester transition.

#### **17. SCHOOL CALENDAR**

The Dual Credit course schedule will be determined by the location of the course delivery, provided that the required contact hours and prerequisites are met.

The instructional calendar for the high school portion of the School will be based on the School calendar and comply with all related TEA regulations for school attendance. The School will adjust its schedule as necessary to enable Students to enroll in and attend the college-level courses provided by College. The School and College will coordinate the State Student assessment requirements to ensure said assessments are administered without penalty. The School and College will ensure that the School calendar accounts for the required per-semester contact hours for courses. When the instructional delivery is on the College site, it may be necessary for Students to attend classes on days when the School is closed (*e.g.*, different holiday closures). When Students take classes at the College scheduled on days when School is closed, the School will ensure that at least one staff member with administrative authority be on call and available to be reached by the College's Office of High School Programs or other College staff in case of emergency. The designated School staff member will have access to Student emergency contact information.

While the College agrees to make scheduling accommodations for required State assessments, including the STAAR and End of Course Exams, all contact hour requirements must be met. For assessments not mandated by the State, the College and School will come to a mutual agreement

on administration dates in order to appropriately manage disruptions of college courses and ensure contact hour requirements are met.

## **18. ACADEMIC POLICIES**

- a. The academic policies of the School and College shall apply to all students enrolled in the Dual Credit programs as applicable.
- b. Students are expected to meet academic standards (including academic progress) for College coursework. Semester grades and grading policies shall be outlined in each instructor's course syllabus. College grades are awarded on a 4.0 scale at the College. The School will convert the college course grades according to its grading procedures. The College's Office of High School Programs will provide the School with academic progress or grade status at mid-semester for their respective Students enrolled in Dual Credit courses. Students struggling to maintain a passing grade will be provided with options by their corresponding faculty and be advised by their College advisor or the high school counselor to withdraw from the College course in order to avoid future problems related to admissions, financial aid, and scholarships. Withdrawal from the College course does not result in a withdrawal from the high school course. The School personnel are responsible for advising Students concerning academic progress in high school courses and the College is responsible for such advising for college courses. The School staff and the College designee are responsible for advising and monitoring these actions.
- c. Students who begin any semester term in Good Academic Standing, but fail to maintain a cumulative institution GPA of 2.0 or higher are placed on Academic Probation. Notification of probationary status is communicated electronically through students' ACES email addresses. Academic Probation status is cleared when students earn both term and cumulative 2.0 institution GPA and returns to Good Academic Standing. Students who fail to earn a minimum term institution GPA of a 2.0 while on Academic Probation (cumulative institution GPA remains below 2.0) will be placed on Academic Dismissal. The College Catalog provides details on the Academic Standing Policy. Academic policies are accessible on the College's eCatalog website at <https://mynvccatalog.alamo.edu/content.php?catoid=173&navoid=10926>.

The School will assist the College by providing relevant information supporting the SACSCOC processes, including, but not limited to, information on the campus facilities, computer lab descriptions, square footage of facility, a list faculty teaching dual credit

courses, and relevant courses taught to fulfill the requirements toward the selected degree plans for the School.

## **19. STUDENT SAFETY**

The Parties agree that when a Student attending a College facility expresses to any College employee a suicidal intention or a threat of physical harm to others, a protocol to be agreed prior to the effective date of this MOU will be executed. The protocol will prioritize ensuring that the Student does not pose a threat to self or others. The College will prioritize transitioning management of the issue to School, the parent / guardian of the student or the most appropriate authority or entity to address the crisis at hand. Often the College Police Department will assess the situation and coordinate that transition with its School counterpart. School designates College as its agent under any applicable statutory authority or parent / guardian consent to treatment for the limited purpose of this crisis-response intervention.

When on the College campus, Students will follow the policies and procedures of the College to ensure the safety and well-being of the fellow classmates, faculty, staff and visitors. The Colleges will develop standard protocols for various emergency situations.

To ensure safety precautions, the College enrolls all students, faculty and staff, including Students in Dual Credit programs, into emergency alert messages. These messages are sent to all groups mentioned via the College email, robocalls and text messages to the telephones listed in the system of record.

Alamo Colleges District is subject to legislation requiring it to allow licensees to carry concealed handguns on its campuses effective August 1, 2017, and Students will potentially encounter license holders availing themselves of this privilege. The School and the College will inform one another of complaints against a Student. The party which receives a complaint of non-academic misconduct may investigate the complaint and reach a decision on responsibility for violations of the applicable student code of conduct, but must notify the other party of sanctions before they are issued. Students who are in violation of policies and codes of conduct will, where appropriate, return to the School's high school, if any, and will not be allowed to return to any College facility. The Parties will cooperate fully with each other in any investigation involving student misconduct or conduct that threatens or potentially threatens the safety of others and the college campus. The Parties will cooperate fully with each other as necessary in all matters pertaining to complaints, grievances and appeals regarding student conduct issues. The definition of "cooperation" includes providing access to students or other persons who may be witnesses or persons with knowledge of relevant facts. Students may be sanctioned the same as other post-secondary College students and may be subject to exclusion from the College campus and College properties.

The Alamo Colleges District board policy F.4.5 states that Students who violate federal or state statutes, the Student Code of Conduct, Alamo Colleges District policy, or other applicable requirements related to alcohol and drug use shall be subject to appropriate disciplinary action. Such disciplinary action may include referral to drug and alcohol counseling or rehabilitation programs or student assistance programs, suspension, expulsion, and referral to appropriate law enforcement officials for prosecution.

The School counselor and its designee will work to ensure Students receive pertinent information regarding higher education, financial assistance, and assistance waivers for tuition and fees. As needed, each Party will assist families as they complete initial application and admission requirements per the respective organizations' processes. Each Party shall also promptly notify the other of any onsite or offsite behaviors of Students participating in any Dual Credit program known to the Party which threaten or cause harm to others, including, without limitation, violence, threats, weapons, sexual assault, sexual contact of minors, and Title IX complaints.

Parties agree to adhere to the confidentiality requirements of FERPA and will encrypt the student data before it is transmitted electronically. As Parties are held to FERPA guidelines, each is entitled to student information from students that are shared under the condition of being school officials with legitimate educational interest and as appropriate officials in cases of health and safety emergencies. Notwithstanding the foregoing, the School shall coordinate signature of and collect the High School Programs Student/Parent Consent Form during the student on-boarding process.
